COMMENCEMENT AT THE HIGH SCHOOL TONIGHT WILL GRADUATE 67

Dr. Tully Knoles Will Deliver Address of the Evening

Sixty-seven seniors will be rewarded for their four long years of studying at the commencement exercises tonight in the high school auditorium.

The main speaker of the night will be Dr. Tully Knoles, president of the College of Pacific. Washington Union High School has made many attempts in the last six years to get Dr. Knoles to speak, and the class of 1930 has been fortunate enough to have him.

Three girls will receive pins for life membership in the scholarship society, namely, Marie White, Alice Lemas, and Mary Lucas. Marie White is the valedictorian of the graduating class and Alice Lemas is the salutatorian.

Marie White will talk on "High School As a Preparation for the World Because It Is a World in Itself," and Alice Lemas will give a welcome speech.

Principal E. B. Hodges will have the privilege of presenting the diplomas.

The school orchestra will play the grand march. The other numbers will be Wagner's "Tannhauser" March; Sibelius "Finlandia" (the number played at Sacramento) and Meyerbeer's "Coronation March" from "The Prophet."

The Glee Club will contribute their share of the program by singing a number called "Speedwell" by May H. Brache.

The graduates will wear sweet peas, and the stage will be decorated in gladiolas.

The following girls have been

SENIORS TO GIVE HIGH SCHOOL FISH POND AND SHRUBS

Commencement and Senior Ball Observed In Last Week

The 1930 Senior Class of the Washington Union High School has decided to leave to their alma mater, a fish pond surrounded by flowers and shrubs. They have appropriated one hundred dollars for this purpose.

The proposed pond is to be built in the court between the shop and the main building. It is planned to fill the pond with gold fish and water lilies.

It is not known whether incoming freshmen will think it is a place to go fishing and "cut" school or whether it is a ducking place for them if they fail to obey the traditions of the school and are caught by a wily group of sophomores.

The seniors have looked forward to this gift because it will be a permanent and perpetual memorial. Other classes have given things to decorate the interior of the building and stage, but this is the first class to leave an outdoor improvement.

If there is any money left over from the sale of the pictorials, it will be given to the swimming pool fund. It is hoped that this

WOMAN KILLED IN AUTO ACCIDENT

Mrs. Lewis Farris, age 35, of Oakland, was instantly killed in an automobile collision, Monday at 3 P. M. on the highway between Centerville and Alvarado. Five who were seriously injured were given first aid treatment by a local doctor and then rushed to the Highland Hospital.

Mrs. Farris was buried in the Holy Cross Cemetery in Oakland, today.

DECOTO PEOPLE TO VACATION IN EUROPEAN LANDS

Mrs. Agatha Zwissig and daughter, Miss Ina Zwissig, of Decoto, sailed from New York for Switzerland, May 31. They embarked on the S. S. Lafayette, which made her maiden voyage at that time.

They expect to make an indefinite stay in Europe. After several months' visit in Switzerland, they will tour the continent. It is expected that they will not return to America before a year.

A dinner party was recently given in their honor by Mr. and Mrs. J. A. Zwissig, of Niles. Twenty-one members of the Zwissig families were present at this happy affair.

WESTERN PACIFIC APPLIES FOR NEW NILES-S. F. LINE

Proposed Line Would Be Available for Other Railroads

The Western Pacific California Railroad Company forwarded on June 4 to the Interstate Commerce Commission at Washington, D. C., its brief in support of its application for authorization to construct thirty-nine miles of railroad between Niles and San Francisco, via Redwood City, thereby enabling the Western Pacific to effect all-rail entrance into San Francisco and to further the industrial development of Washington Township and the Peninsula.

The purpose of the application involved in this case, as summed up at the close of the brief, is stated in part as follows:

"To afford the Western Pacific Railroad Company a direct all-rail route into San Francisco, thereby improving the service rendered to its patrons and, of equal importance, to develop a vast industrial area.

"The necessity of rounding out the Western Pacific with adequate feeders and terminals is, therefore, increasingly important. No matter how well constructed or efficiently operated a railroad may be, its full usefulness depends on adequate terminal facilities and access to sources of traffic, through its own feeder system.

"The present project, which is a part of the effort which the Western Pacific has been making for the past few years to build up an integrated, self-sufficient system, presents, therefore, in addition to the local needs of the communities immediately affected, considerations of public convenience and necessity, the importance of which is very great.

"We submit that these applications have been justified from every conceivable standpoint of public convenience and necessity, that the new line will effect improvements in the existing service of the Western Pacific in the San Francisco switching district, that it will open to development a large area suitable and needed for industrial uses, that it is favored by the communities affected and by the state of California because of the benefits to be derived from its construction."

Mutual Line

The brief re-affirmed the willingness of the Western Pacific to accept a condition which would permit any other railroad having a main line trackage of 250 miles or more to use the proposed line between Niles and San Francisco as a bridge route to reach terminals at San Francisco which they may own or acquire.

NEWARK COUPLE ELOPE TO RENO AGAINST REFUSAL

Irate Father Swears Out Warrant for Kidnapper of Daughter

After swearing out a warrant charging that his daughter had been kidnapped, Joseph Borge, dairyman living on the Centerville-Newark road, crashed into a telephone while driving to his home. He escaped with cuts and bruises, and no serious injuries.

Fernanda Borge, his seventeen-year-old daughter, is alleged to have eloped with Joseph Cardoza, 27, an employee of the Newark dairy. Both had known each other while working on the ranch for several years.

The two had made plans of marriage but Mr. and Mrs. Borge had refused to give their consent because the girl was too young, and wished to wait until she was at least of age.

Last Thursday, Miss Borge and Cardoza told friends that they were going to Reno to be married, as they did not intend to wait any longer. Saturday, the father of the girl, appeared before Judge Jacob Harder, Jr., at Hayward and swore out a warrant against Cardoza charging him with kidnapping the seventeen-year-old girl.

Borge had previously asked Justice of Peace Joseph A. Silva for a warrant, but the judge refused to issue one, because, as he said, the parents of the girl had agreed to the marriage at a later date, and it would be unwise to take criminal proceedings if the couple had eloped to Reno.

Highly excited after getting the warrant in Hayward, Borge started toward his home at a furious pace, it is claimed. Near home, he missed another automibile by a matter of inches, swerved and wrecked his own car against a telephone pole, according to reports.

SOUTHERN PACIFIC MAKES CHANGE IN TRAIN SCHEDULES

Two new trains were put on the Southern Pacific schedule at Niles, and several other changes were made in the arrivals and departures of the other trains. These changes will effect the stations in Niles, Decoto, and Irvington in this township.

The train bound for Livermore, Tracy, Stockton, Sacremento and valley points will depart at 9:05 a. m. The new train for San Jose and coast points leaves at 9:05 a. m., also. Two other trains bound for the same destination depart at 12:35 and 3:24 p. m. A train from San Jose connects with the Stockton Flyer at 8:35 a. m. is the other new train. Another San Jose train connects with the Hayward, Oakland, San Francisco train which now leaves at 12:32 p. m.

This report was given out this week by Harvey Braun, Niles agent for the Southern Pacific Company.

"POLISHED PEBBLES" GIVEN BY NILES SCHOOL

Twenty-seven Pupils Given Diplomas at School Commencement

Combined commencement and operetta, "Polished Pebbles" were held by the Niles Grammar school, in the Veterans' Memorial building, Wednesday night. Twenty-seven members of the graduating class received their diplomas from J. L. Bunker.

An address of welcome by Verna Orcutt opened the evening's program. Following this the fascinating operetta, "Polished Pebbles," was presented under the direction of Mrs. Charlotte Foster.

Those in the cast were Verna Orcutt, Mrs. Pebble; Eva Meyer, Mrs. O'Brien; Estelle Martenstein and Patricia Duffey, Millie and Winnie; Joe Cardenas, Bob; Agnes Trinchero, Rosalie; Lucille Alves, Martha; Arnold Abrott, Nick; John Habenicht, Mr. Gabble.

There were choruses of sunbonnet girls and overall boys from fifth, sixth, seventh and eighth grades. They sang, "I for One can Say," "Chorus of Welcome," Working on the Farm," "Sunbonnets," "Town Talk," "I'm Sorry," "Pleading" and Finale.

Between Act I and II, a piano solo, "Prelude" by Rachmaninoff, was presented by Estelle Martenstein.

Following the operetta, the class was presented by Principal E. Dixon Bristow. The class prophecy was read by Patricia Duffey. "The Windmill," the class picture, was presented to the school by Agnes Trinchero and accepted by a substitute for Leona Solon of the class of 1931.

Presentation of the diplomas to the graduates was made by J. L. Bunker, deputy county superintendent of schools. John Habenicht delivered the farewell address. The singing of "America" by the audience concluded this splendid program.

Those in the graduating class were: Helen Avilla, Lucille Alves, Arnold Abrott, John Amarant, Joe Cardenas, Rosemarie Clark, Patricia Duffey, Melvin Farmer, Mary Fiao, Esther Godwin, John Habenicht, Eva Meyer, Gordon Justus, Lorene Kerns, Fong Kwai, Estelle Martenstein, George Madeiros, Margaret Mezza, Lois Oliver, Eleanor Ortiz, Verna Orcutt, Patrick Pine, Adeline Rose, Jack Townsend, Agnes Trinchero, Harry Wilcox and Genevieve Willis.

The class motto was "I Will Keep the Faith" and green and gold were the class colors.

First Annual Concert Given In High School Auditorium

Orchestra and Glee Clubs Present Successful Entertainment

The first annual concert to be presented by the Washington Union High School orchestra given in the auditorium, Monday night, set a high standard for local school music. The orchestra was assisted by the glee clubs of the high school. John E. Kimber was the conductor of the orchestra, while Miss Lesda Sayles was the director of singing.

While the audience was small, it was appreciative of the efforts of the young players. "The performance was at times ragged and again extremely fine," was the comment made by a music instructor.

"The concert was another milestone in the progress of the Washington township music program. Such a concert couldn't have been attempted a year ago," said Mr. Kimber.

The girls' and boys' glee clubs sang beautifully, as their voices came over the entire forty-piece orchestra. In the past the orchestra was criticised for drowning out the singers, but it was complimented highly for the manner in which it performed Monday evening.

Their work received especially favorable comment from many of the music patrons. This was the first appearance of the glee clubs with the orchestra in public concert. It was so effective that it is planned to offer next year several fine works by the chorus and orchestra.

Difficult Program

The most difficult number ever attempted by a local orchestra was rendered by the high school orchestra. It was Beethoven's Fifth Symphony in C minor. There were four movements in this wonderful symphony. "Sandman Am A-Softly Comin,'" by Dvorak, and "Ma Little Banjo" were sung by the glee clubs accompanied by the orchestra. "Evening Song" and "Erotikon" were two beautiful numbers rendered by the string orchestra. "Spring Song" by Schumann, and "Minuet" by Boccherini were played by the woodwind ensemble. The concluding selection was "Blue Danube Waltz" by Strauss, which was given by the glee clubs and orchestra.

Orchestra Players

Those playing in the orchestra were Frances Anderson, Eades Carroll, Marie Dutra, John Faria, Joe Ferry, Chiyoke Kawaguchi, Alfred Mezza, Olive Perry, Evelyn Marie Rose, Rosalind Sarmento, Elmer Stinhilver, Leland Telles, Albert Vasconcellos, John C. Vierra, Kiky Yamanisto, Isabel Azeveda, Ramun Barnum.

Annie Bettencourt, Eugene Bettencourt, Vincent Bettencourt, Howard Blacow, Maurice Caldeira, Frank Furtado, Lucile Gygax, Masako Hiraboyashhi, Kazuto Masuao, Milton Munger, Evan Orelli, Stanley Roderick, John Munger, Lucile Sinclair, Josephine Yockey, George Kikagawa, Hisao Kataoka, Wallace Pond, and Gordon Pond.

Glee Club Members

Members of the combined glee clubs are: Patty Bliss, Blair Fuller, Eleanor Gould, Thelma Harlan,

Purchase of Water Rights To Stop Pumping at Alvarado

By CHRIS RUNCKEL, Secretary Alameda County Water District.

This week the Alameda County Water District has become the owner of the pumping rights, pumping plant and land of the East Bay Utility District at Alvarado, and also of the pipe line from Alvarado to San Lorenzo creek. The last payment on the agreement was made Monday. On the same day Cyril Williams, Jr., general manager for the Alameda County Water District, began the work of changing the pumping plant so that the diversion to the East Bay cities may be stopped as soon as possible.

Thomas Tierney, of Irvington, has been engaged to make the changes which involves the supplying of a new pump and a rearrangement of the plant so that the people of Alvarado and Mt. Eden who are at present supplied may have the service continued when the supply now going into the utilities' system is stopped. The Utility District will continue to operate the plant until the changes are made.

Owing to the extremely low water table it is hoped that the charges can be made with as little delay as possible. Both districts are now anxious to stop the pumping of water to the East Bay cities at the earliest possible moment. With the Pardee dam holding a three years' supply for the East Bay cities the Utility District does not need the Alvarado supply and is anxious to cut out the expense of pumping. Every day that the diversion continues means a dead loss of four and one-half millions of gallons of water to our district so the sooner the diversion can be stopped the better for both districts.

The water released from the Calaveras dam this year amounted to 621 million gallons. All of this went into the gravel beds. The demands for irrigation are very heavy at this time of the year and the low water table is expected to go lower while the irrigation season is on. When the diversion at Alvarado is stopped the water level will not lower so fast.

PLEASANTON WILL CELEBRATE HOLY GHOST JUNE 21-22

Portuguese Thanksgiving Observance Is Religious Event

PLAN TWO DAY PROGRAM

Church Service Will Precede Each of Both Day's Pleasures

Celebration of the Festival of the Holy Ghost had its origin in Queen Isabel, of Portugal, the wife of the king poet ,Diniz; also known as the "King Farmer," because of the interest he took in farming and the many kindnesses shown the tillers of the soil. Queen Isabel, who lived during the early years of the Fourteenth Century, on account of her life of self-denial, charity and sanctity, merited the honors of the altar. She was cannonized during the Sixteenth Century.

Portuguese history relates that she had a great faith in the Holy Ghost, the Third Person of the Blessed Trinity.

Once, according to Portuguese legend, a great famine prevailed in Portugal, and the people were dying of starvaion by thousands. The Queen prayed fervently to the Holy Ghost to help her people and to relieve their sufferings.

The week before Pentecost several British vessels, laden with wheat, were forced into the Targus by a terrific storm outside. The vessels were unloaded, bread made and served to the starving people.

Queen Isabel attributed the timely arrival of help to the Holy Ghost, and she then offer her crown, surmounting it with a golden dove, as a symbol of the Third Person of the Holy Trinity. With the crown, thus adorned, on her head, and surrounded by maids of honor, pages, priests and noblemen, she presided at a great banquet, given to the poor.

This event was commemorated by her every year during her life and has been repeated annually by the Portuguese, who desire to imitate the piety of the Queen.

The crown carried in the parade and displayed during the ceremonies, represents the crown of St. Isabel, and the dove is the emblem or symbol of the Holy Ghost who, according to the Scriptures, descended on Christ in the form of a dove, when He was baptized by John in the River Jordan.

There is nothing superstituous in the celebration of the Festival of the Holy Ghost. The celebrants do not either worship the crown or the dove. They venerate the inanimate objects merely for what they symbolize.

The program of the thirty-second annual Holy Ghost celebration in Pleasanton has been announced as follows:

Saturday evening, June 21: 7:30—Procession to St. Augustine's Church. 8:30—Special program on I. D. E. S. grounds on St. Mary's street. Band concert by Druids band, of Centerville, until 9 o'clock. 9:00—Dancing starts in ballroom of I. D. E. S. Hall. Music by the Druid Syncopators.

Sunday, June 22: 10:00—Procession to St. Augustine's Church, to be followed by high mass, Sermon by Father Sousa, of Centerville. 11:30—Procession returns to I. D. E. S. grounds. 12:15—Free barbecue on grounds, all are welcone. 2:30—Auction of cattle donated to fiesta. Auction of miscellaneous articles also donated. Special program, including band concert until 6 o'clock. Dancing until 6 o'clock. 6:00 — Fiesta closes.

PLEASANTON TEAM LOSES TO COAST CLEANERS 7 TO 4

Final Score Is 7 to 4 As Visitors Rally In Eleventh to Break Four-all Tie

Although the Pleasanton Y. M. I. Junior baseball team has dropped the last three consecutive games by small scores, each loss has been a moral victory inasmuch as the teams played have been much older in experience and rank in a class above the Pleasanton team.

Sunday afternoon the Juniors dropped a heart-breaking game 7 to 4 after an eleven-inning battle with the Pacific Coast Cleaners on the grammar school diamond, at Pleasanton. The score was tied from the seventh inning until the eleventh.

In the first of the eleventh, with the bases loaded and two out, an easy infield grounder was muffed by two men, and before the ball could be recovered three runs had crossed the plate, breaking the tie of four-all. Pleasanton was unable to rally against that three run lead in its half of the eleventh.

The Juniors outhit their opponents 11 to 9, but owing to errors were unable to come out on top.

Anselmo, pitching for the Juniors, and Lazzarisch, hurling for the Cleaners, each fanned four men and gave walks to three. Forty-two men faced Anselmo, and forty-four went to bat for Pleasanton.

Lois Abrott, of Niles, and Mervyn Blacow, of Irvington, were visitors in Livermore, Sunday.

Mr. and Mrs. Ernest Martin attended a dinner party in Alameda last Tuesday evening.

SCOUT COMMITTEE MAKES PLANS TO BUY SUMMER CAMP

Camp Sought in Crow Canyon as an Ideal Location For Purchase

Plans for the acquisition of a camp for Boy Scouts and perhaps Camp Fire Girls in Crow Canyon, near Hayward, were made by the committee of southern Alameda county scout leaders association. This committee, and Boy Scout leaders met at the Niles Congregational church, last Wednesday evening and in Hayward, Thursday. Twenty-eight were present at the Niles meeting.

The camp under consideration is one owned by the West Oakland Children's Home, adjacent to the Brookshire Country Club. A method of financing the proposed purchase, which includes twenty acres of land, several buildings and other necessary equipment, is being worked out by the committee.

Those serving on the committee are John Deadrich, of San Leandro; J. E. Townsend, of Niles; E. W. Burr, of Hayward; E. F. Glassbrook, of Tennyson; and E.. W. Zueger, of San Leandro.

On the estate there are two dormitories, twenty by seventy-eight feet, a mess hall, kitchen, store rooms, modern sanitary conveniences, a well and pumping plant, all to the value of $10,000 or more. The plan for financing the camp involves the creation of an endowment fund.

If the camp is purchased by the scout leaders and their interested friends, it could be used as a summer resort for the boy scouts of southern Alameda county as well as the camp fire girls.

At present the boy scouts from this county and Washington township spend the vacation at Dimond Camp in East Oakland. Many of the boys from the township troops will leave June 23 for this camp.

Definite action on this matter will probably be taken at the next meeting of the association which is to be held in Hayward, June 19. Scoutmasters and leaders from this township will attend this important meeting.

MORE ON SEVEN MEN

(Continued from Page One)

conscious condition to Three Links Hospital, Livermore. Will recover.

Officials in charge of the construction work are unable to state with exactness how the accident occurred. According to T. W. Espy, water engineer for the City of San Francisco, who directed rescue work, and who is conducting an investigation, the crew entered the tunnel at 6 o'clock Sunday night.

They had advanced about 5000 feet where they set off a charge of dynamite. It is believed the charge of explosive opened a pocket of water and explosive gases. From indication in the interior of the tunnel the officials believe the crew returned to work after the charge of dynamite had been exploded. Fresh air was being pumped into the tunnel and it is believed that the gases in themselves were not poisonous.

"Just what causd the explosion that killed the men, is of course unknown," explained Espy. "It is probable that a spark from a pick striking stone or something like that ignited the gas and caused the explosion. No one knows, but Lamont, and as he is unconscious he cannot tell."

Lamont was found by rescue wokers some distance from the piles of debris that covered the rest of his crew, and it is believed he was some distance from them when the explosion occurred.

The first indication of trouble in the tunnel came at 8:30 Sunday night when the buildings in the camp were shaken by the detonation. Rescue crews were immediately organized. They entered the bore and found Lamont. The others were buried under tons of earth.

Presence of gas rendered further rescue work impossible for a time. Miners, equipped with gas masks, were summoned from the Alameda Camp of the Hetch Hetchy project. Espy, together with E. C. Eckhart of the San Francisco Water department, and M. Fy, engineer for the State Department of Mins, were summoned. They assumed charge of the rescue work.

The first rescue crew came out of the tunnel about 10 o'clock Monday morning with four bodies. They were badly burned and no attempt at identification was then made. Deputy Coroner Charles S. Graham removed them to Pleasanton. Shortly before noon the second rescue crew came out with three other bodies. They were also taken to Pleasanton.

An inquest will be held at a later date by Coroner Grant D. Miller.

AMERICAN LEGION OF SAN LEANDRO TO PICNIC HERE

San Leandro Post 117, American Legion, will hold its annual outing and picnic at the country estate of Ed. Rose, of Niles, on August 10. The Rose estate, located in Mayhew canyon east of the town of Niles, is one of the most picturesque spots in Alameda county. Through the generosity of Mr. Rose the legionaires will have full reign over the picnic grounds, barbecue pits and pavilion.

Members of the American Legion auxiliary of San Leandro will be guests of the war veterans and the children of the legionaires and auxiliary members will be entertained.

The program will include games, races and an old fashioned barbecue, to be prepared under the direction of Ike Ury, pioneer San Leandro butcher.

Albert E. Nashman, commander of San Leandro Post 117, has named a committee comprising John W. Ravekes, Arthur M. Carden, J. M. Bracker, Frank V. Pacheco and Paul W. Brannon, to handle arrangements.

Today's Scripture LESSON

By Rev. John R. Stevenson

The exceeding greatness of His power to us who believe, according to the workings of His mighty power.—Eph. i. 19.

The lives which seem so poor, so low,
The hearts which are so cramped and dull,
The baffled hopes, the impulse slow,
Thou takest, touchest all, and lo!
They blossom to be beautiful.
—Susan Coolidge.

MOTORIST MUST STOP WHEN WIG WAG IS RINGING

Members of the California Highway Patrol were notified to require motorists in their territory to observe a new section of the motor vehicle act requiring all vehicles to come to a stop at grade crossings when a human flagman or mechanical signal is giving warning of the immediate approach of a train

The order, issued by the superintendent of the patrol, follows numerous complaints that motorists are disregarding this section of the law all over the state and that many accidents have resulted.

A report on grade crossing accidents, prepared by the railroad commission, shows that 52 per cent of such accidents last year occurred at crossings protected by signals.

WARM SPRINGS AND MISSION SAN JOSE TO HAVE GAS SOON

Improvements To Involve Expenditure of $20,564.00

Natural gas is to be made available to residents of Warm Springs and Mission San Jose, as soon as the necessary certificate of public convenience and necessity is obtained, according to an announcement made by L. H. Newbert, division manager of the Pacific Gas and Electric Company.

To render this service, Mr. Newbert states that it is proposed to tap the Tracy-Milpitas 22-inch transmission line at Landing Road.

From this point 10,500 feet of two-inch high pressure main will be extended, making natural gas available for twenty-five consumers, seventeen of whom have already signed for service. This extension involves an expenditure of $9,441.

To serve the territory in and about Mission San Jose, the 22-inch transmission line will be tapped at Palm avenue and the state highway. From that point 4,000 feet of 2-inch and 7,500 feet of 3-inch high-pressure main, involving an expenditure of $11,123.00 will make natural gas service available for seventy consumers in Mission San Jose, twenty-nine of whom have already signed for service.

FRIDAY, THIRTEENTH DATE OF ANNUAL SENIOR BALL

Black and Tan Orchestra To Play in Garden of Allah

The senior ball of the class of 1930 of Washington Union High school is to be held Friday the thirteenth, in the Garden of Allah. This last dance to be given by the class is scheduled for an unusual date, so that anything may be expected to happen.

All of the committee has made all preparations to make the affair a success. The alumni members are invited on the condition that they sign their names and date of graduation.

Wanes and Wallies Black and Tan Orchestra will play for the dancers. The seniors say that "darkies" are awfully superstitious and are praying that nothing serious will happen to them on the thirteenth.

It is expected that an unusually large number will attend the dance as each senior is allowed four bids, other students one apiece.

H. S. Girls Participate In Track Meet, Monday

Nine high school girls participated in a track meet held last Monday. The four events held in the meet were baseball throw, basketball throw, and two heats of the 50-yard relay. Miss Katherine McMillan, girls' coach, directed the meet.

Irma Dutra, star pitcher from Irvington, won the baseball throw and Lola Luna, champion speller from Decoto, placed second. Lola Luna, not to be outdone, threw the basketball the furtherest, followed by Verna Santos. The first 50-yard dash was a tie between Victoria Meneze and Lillian Avilla. Anna Seidler came in second. The other relay was won by Anna Seidler, with Anne Furtado taking second place.

The girls who took part in the relay were Lola Luna, Irma Dutra, Lillian Avilla, Edith Rogers, Victoria Meneze, Anna Seidler, Verna Santos, Elva Santos, and Anne Furtado.

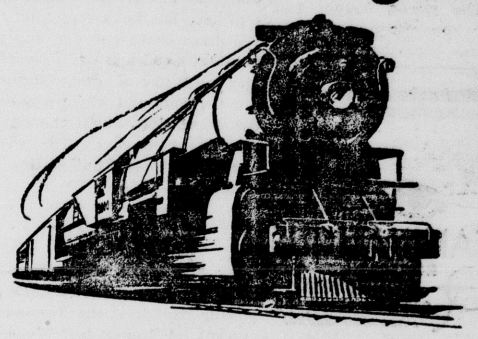
Time cut again!



Faster service to
Chicago *and the* Northwest
Effective June 15

Leading the way in a sweeping time cut throughout the Southern Pacific system, the fast schedules of Southern Pacific's *Overland Route* trains will be again reduced.

"Overland Limited," already faster by hours than any train on any other line between San Francisco and Chicago, will cut its eastbound schedule to 57 hours, 10 minutes. Westbound schedule was cut from 58 to 56 hours on June 1. This fourth time cut since 1926 makes a total reduction of 10 hours, 50 minutes, eastbound; 12 hours westbound.

A new service on the "San Francisco Limited" saves nearly 7 hours from San Francisco to St. Louis. "Gold Coast" will be *2 hours faster* to Kansas City, St. Louis and Chicago. These trains will now be faster by hours than any train on any other line, San Francisco to St. Louis.

"Cascade" of *Shasta Route* will be *15 minutes faster,* San Francisco to Portland; "Shasta" *40 minutes faster;* "Klamath" *20 minutes faster.*

Many changes in local trains provide improved, faster service. Here are the new schedules:

To San Francisco—5:42 a.m., 6:37 a.m., 8:44 a.m., 12:32 p.m., 4:40 p.m., 5:53 p.m.

To San Jose and Coast Points—8:01 a.m., 9:05 a.m., 12:35 p.m., 3:24 p.m., 6:50 p.m.

To Tracy and Sacramento and San Joaquin Valley Points—2:44 a.m., 9:05 a.m., 5:21 p.m., 6:53 p.m.

Every day until Sept. 30, Southern Pacific offers reduced summer roundtrips to the East; return limit Oct. 31. Ask your agent for further details . . . and for information on the improved train schedules.

MRS. F. O. BUNTING ATTENDS WEDDING OF NEAR RELATIVE

Word has been received from Chicago of the marriage of Miss Marion Guck to John Chandler. Mrs. Chandler is the granddaughter of Mrs. F. O. Bunting, of Centerville. The young couple will spend their honeymoon in Califoria and may come to Centerville for a day or two to be the guests of Mrs. Bunting. Following this, brief stay here, they will make their home in Jerome, Arizona, where Mr. Chandler is a mining engineer in the employ of the United Verde copper mines.

Mrs. Bunting wrote in part:

"The wedding was a most happy one—the dinner perfection. Everyone here has been very kind to us. We drive south one day and north another. Chicago is a wonderful city and has a great future. I don't understand why we hear only the worst side—about the gun men and the rum ring. The weather has been pleasant but getting more humid."

DINNER PARTY

Mr. and Mrs. Robert Blacow entertained twenty-six of their Centerville friends at the Florence restaurant for dinner, last Wednesday evening. Following this, they returned to the Blacow home where an evening of cards were enjoyed.

NILES GRADUATES GIVEN DINNER-DANCE

Twenty-seven members of the graduating class of the Niles Grammar school were given a dinner party by the Parent-Teachers' Association and the mothers of the pupils, Monday evening. A chicken dinner was served in the cafeteria to thirty-four people. The dinner room was decorated in yellow and blue, the Parent-Teachers' Association colors.

Following the splendid dinner, dancing was enjoyed in the school auditorium. Every one had a splendid time, which was a good climax to the grammar school days. The graduation last night was the conclusion.

Besides the honored pupils, the adults present at this enjoyable affair were Mrs. Ben Murphy, Mr. and Mrs. E. Dixon Bristow, Mrs. C. E. Martenstein, Mrs. Lester Duffey, Mrs. J. E. Townsend, Mrs A. M. Alves, Mrs. L. J. Trinchero, and Mrs. Clark.

FIRE PATROLMEN TO START DUTIES ON HILLS SOON

Mounted fire patrolmen of this region are awaiting orders to assume their duties with the first break in the weather. Cool days and nights have kept the range lands from drying out but indications are that the season of hot dry weather has now begun. It will be necessary to soon commence the patrol.

County Fire Warden John McGlinchey declared that the Midway, Bushy Peak and Patterson Pass districts are already beginning to dry up, and that William McGlinchey and Roy Schultz will be placed on duty as soon as the weather becomes warmer. Geo. Famariss will take up his work as lookout on Crane Ridge as soon as the first of the riders enter the field.

Permits for burning are now required, McGlinchey stated. The permits may be procured here from either Lee Wells or Will H. Graham.

FRANK OGDEN IS SPEAKER AT THE ALVARADO SCHOOL

Commencement exercises of the Alvarado Grammar school were held in their auditorium, last Thursday evening. Eleven received their diplomas.

Daniel Nieto gave the words of welcome to the large audience who had gathered in the beautiful auditorium. "Poet and Peasant" overture was rendered in a fitting manner by the school orchestra, under the direction of J. P. McClellan. The girls' glee club sang "Whispering Hope," directed by Mrs. Charlotte Foster.

The graduation address was delivered by Frank M. Ogden, assistant district attorney of Alameda county.

Diplomas were presented by Fred W. Joyce, president of the Board of Trustees.

Dorothy Chrysostomo gave the valedictory speech. Pupils of the seventh and eighth grades sang Barcarolle from "Tales of Hoffman," and "Love's Old Sweet Song." An orchestra selection concluded the program.

Those who were graduated were: Joseph Allegre, Manuel Amaral, Dorothy Chrysostomo, Morris Davilla, Cipriano Diaz, Irene Lemas, Edward Mateo, Alice Menezes, Daniel Nieto, James Perry, and Walter Silva.

WORKMAN INJURED AS CAR GOES INTO DITCH NEAR SUNOL

Stone In Road Causes Serious Crash Shortly Before Noon On Saturday

Pedro Pintas, 60, laborer, Newark, was seriously injured when the machine in which he was riding with J. L. Nichols, of Niles, overturned on the Calaveras Dam road about 11 A. M., May 31. which caused it to swerve, and be-

Pintas was attended by Dr. M. E. Eastman, of Pleasanton, who found the man suffering from serious back injuries and ordered his removal to Highland hospital after conferring with Supervisor Ralph Richmond, of Niles.

According to Nichols, the machine struck a stone in the road which caused it swerve, and because of the narrowness of the highway at that point, was thrown into the ditch before it could be righted. The car was demolished. Nichols escaped with only a few cuts about the face.

NEW GOODYEAR TIRE MAKES ITS APPEARANCE

Rose Garage Extols Merits of Newly Made Article

"And now comes the super tire," says Ed. Rose, Goodyear dealer in Niles and Centerville.

Goodyear began production on three new truck tire units which mark another forward step in the ec nomics of truck operation. The new tires are the 12.00-20; the 12.75-20 and the 13.50-20. These tires have a maximum load factor of 6,700 7,700 and 8,800 pounds respectively under inflation pressures varying from 80 pounds of air for the smallest unit to 95 pounds of air for the 13.50-20.

The tire is designed to replace dual installations. It is particularly adaptable in this respect under rutty road conditions where duals are not satisfactory and solids do not give the proper traction or allow sufficient speed to compete under present day trucking conditions.

FIRE HOUSE OFFICIALLY DEDICATED

Interesting Program Is Given On Memorial Day Afternoon

TWO HUNDRED PRESENT

American Legion Dedicates Flag Pole in Memory of Buddies

Before more than two hundred proud citizens the new fire house of the City of Pleasanton was officially dedicated Memorial Day afternoon, with members of the fire department, city council, and representatives of the citizens taking a part in the services. After the official dedication the program was turned over to the American Legion, Pleasanton Post for its services in dedicating the flag pole erected in front of the building.

Adding enjoyment to the occasion were the combined bands of the high and grammar schools at Pleasanton, under the direction of Harry Tripp. The band members were outfitted in their new uniforms, having made their first public appearance in them during the morning Memorial Day program.

The program opened with the band playing "America." Crawford Letham, of Pleasanton, chairman of the day, then took charge of the meeting.

He gave a brief resume of the history of the fire department, telling how it had grown from a small hand-pulled affair to the present day modern motor equipped department. He complimented the citizens of Pleasanton for the whole-hearted support in voting bond issues which had made the department possible and lastly which had made the beautiful new home possible.

Chas. Graham, president of the fire department, was brought to the speaker's platform after the ceremonies had gotten under way and was called upon for a few remarks.

Mayor A. B. Pickard, of Pleasanton, was introduced. He presented the building to the fire department after making a few brief remarks concerning his expperiences in the early days of Plasanton's fire department. Fire Chief W. H. Graham accepted the fire house on behalf of the department. He thanked the citizens and city council for the lovely home his department now has.

T. H. Silver, treasurer of the Pleasanton fire department, made a short talk thanking the various organizations for the donations made which had enabled the fire house to be properly furnished. He read a list of organizations and individuals who gave of both their time and money to equip the club rooms.

Fire Commissioner R. W. Apperson spoke briefly regarding his committee's work in providing for the fire house. W. P. Martin, the first fire chief, who was to have been present, was detained at home because of illness. He sent his regrets and commendations upon the new building.

Representing the citizens were Rev. Father Timothy Galvin and Dr. J. Hal Cope. Both gave interesting talks upon the appropriateness of the occasion and expressed the appreciation of the citizens of Pleasanton to the city officials for so well expending the money voted them and to the members of the volunteer fire department.

Upon the completion of Dr. Cope's remarks, Charles Graham requested a few minutes. He declared that something which happens "once in a life-time" had occurred at the dedication. "It is usual in life to first call the doctor when something ails us," he said. "Then if matters become serious enough, our spiritual advisor is called, and if the worst comes to the worst, the undertaker is finally called, and in that order. Today, however, the undertaker was called first, then the Father, and lastly the medical advisor."

Jay W. Stevens, of Piedmont, chief state fire marshal, delivered the principal address of the program. He spoke at length about fire prevention, stating that the fire loss in the United States today amounts to more than half a billion dollars annually and that over fifteen hundred persons lose their lives.

Stevens highly complimented Pleasanton's fine record, which shows only one loss of life and only one home completely destroyed by fire.

Members of the city council were introduced by Chairman Letham during the program.

At the concusion of the program by the fire department, the meeting was turned over to Commander Westling, of the American Legion. The Legion dedicated the flag pole to memory of departed buddies.

After the completion of the dedication the fire house was thrown open to the assembled visitors. More than two hundred took advantage to go through the building, which is considered one of the finest in any city the size of Pleasanton.

Women are welcoming the *all-electric* kitchen

Electricity heats water for 1/2 to 1/3 cent per gallon

WOMEN appreciate the cleanliness and the convenience of the all-electric kitchen. These are two reasons why almost every one of our customers today who is selecting an electric range is also selecting an automatic electric water heater.

Heating water with electricity is practical. Many electric water heaters installed for P. G. and E. customers, over 10 years ago, are still supplying dependable hot water service.

Another reason why women like the automatic electric water heater is that it offers flexibility in operation—

1. You may operate the heater manually — Turn the switch and heat the quantity of water desired and then turn the switch off. This is the most economical method.

2. You may turn the switch on in the morning and leave the heater operate automatically during the day and then turn the switch off for the afternoon or evening.

3. You may leave the switch on all the time and enjoy hot water 100% automatically — day and night. You'll have plenty of hot water at the turn of the faucet. Still, you will never have to watch the heater.

Automatic electric water heaters come complete with insulated storage tank. Or if you like, you can obtain the automatic heater without the tank and attach the heater to your present tank.

Automatic electric water heater for attaching to your present tank.

GRADUATES HONORED

Members of the Sunol Glen P. T. A. were hostesses to the 1930 graduating class of the Sunol Grammar School Wednesday evening, June 4. The evening was spent in playing games. At the conclusion of the fun the P. T. A. served ice cream and cookies to the assembled guests.

Those present were the graduating class, the Seventh grade and their parents and the Sunol high school pupils. There are seven in the graduating class this year: Clarice Silver, Edna and Mary Servos; Victor Pedri, Julius Pedri; Alfred Mendoza and Lawrence Fonseca.

Mrs. A. C. Day spent Tuesday in Oakland, returning Tuesday evening so as to attend the C. of C. barbecue.

Mr. and Mrs. Ralph Knight and family spent Sunday with friends in Moraga.

Mrs. H. A. Johnson and daughters, June, Helen, and Berbara, spent the week-end with her parents in Lafayette.

COMMENCEMENT HELD

The commencement exercises of the Sunol Grammar School were held Thursday evening, June 5 at the high school auditorium. The entire school took part in songs and a short playlet put on by the primary grades. The band played several selections. The principal speaker of the evening was Dr. George Freeland, of the State Teachers' College. Oscar Dhieske, seventh grade teacher-elect of the Pleasanton Grammar School, sang several selections. George Richards, principal of the Sunol school, gave a short talk. During the evening the graduates were presented with their diplomas.

Mrs. Lou Bonner spent Tuesday with friends in Niles. While there she attended a play given by the members of the Washington Country Club.

The home of Mr. and Mrs. Joe Leal was the scene of a very pretty wedding on Sunday, June 1 when their daughter, Miss Lorraine and Launcelot Proudfoot were united in marriage. There were several guests from San Francisco, Oakland and San Jose. After a short wedding trip the newlyweds will be at home to their friends in San Louis Obipso.

Mrs. Alfieri was a caller in Oakland last week.

Helen Johnson, daughter of Mr. and Mrs. Victor Johnson, has been confined to her bed the past week but at present she is much improved.

Miss Edith Crespi, of San Francisco, spent Tuesday with her mother, Mrs. F. Crespi. Mrs. Crespi has not been feeling so well for the past few days, and Miss Crespi, who is a trained nurse, came to help care for her.

Mr. and Mrs. C. E. Norton, of San Francisco, were visitors at the home of Mr. and Mrs. Robert Ellis for the past week.

Miss Francee Buttner made a trip to San Francisco Wednesday.

Henry Wieking motored to Sunol from Oakland Tuesday afternoon to attend the barbecue given by the C. of C.

Several from Sunol attended the Memorial Day exercises given in Pleasanton last Friday.

Chas. Minich made a business trip to San Francisco Wednesday.

Mr. and Mrs. Joe Silver and Jack Silver motored to Alameda last Monday where they visited with Mrs. Jack Silver, who is recuperating from her recent operation. She expects to be able to leave the last of the week for her home here.

Mrs. Plum, of Niles, was a caller in Sunol Tuesday..

The Faria family has moved to Pleasanton where Arthur attends school.

Mrs. J. B. Keeler, of Los Angeles, spent Friday visiting relatives in Sunol. She is on her way to her home in Iowa after spending the winter in Los Angeles.

Mr.. and Mrs. Homer Lamons are visiting relatives and transacting business in Chicago this week.

A. C. Day was a business visitor in San Francisco Wednesday.

Mrs. M. Andrews went to San Francisco Monday on a two-day business trip.

Mrs. C. B. Lucier made a business trip to San Francisco Monday.

BARBECUE TUESDAY

The Sunol C. of C. closed its year's activities with a barbecue Tuesday evening at the private picnic grounds of the Spring Valley Water Company. George Roraback and Claude Freeman were the chefs. Dinner was served in great style at 6 o'clock and by the way everyone laid away the food, George and Claude are the real article when it comes to cooking.

The chamber vacations during the summer months and resumes its meetings in the fall.

Does "Everybody" Know Your Store?

FREDERICK W. BRIDGES, advertising manager of the Hamilton (Bermuda) Royal Gazette & Colonist Daily, says:

That ADVERTISING PAYS YOU, MR. SMALL-TOWN-MERCHANT, in as great proportion as the national advertiser, if conducted in a rational and business-like manner. It is a too-common attitude on the part of the small town storekeeper that everybody knows his store, is familiar with what he sells, and that his regular customers will buy from him regardless of what the other man is offering. There seems, therefore, to be no need to advertise.

There Is Nothing "Regular" About Public's Buying

That this idea is based on a shaky foundation is obvious to the person who stops to think, for it predicates "regular customers," and experience in all towns, large and small, has proved over and over again that there is nothing regular about the buying public. All human beings are creatures of impulse to a greater or lesser degree, and any one thing, it may be better service, or even the fact that a competitor knows the value of a smile at the time, may change YOUR regular into HIS; in short, there is but a hair-line distinction between the status of "regular" and "casual" customer, and the conversion of the latter into the former depends almost entirely on the use of advertising.

What can you offer that is better than your competitor's? Is is Courtesy? Advertise it! Is it a lower price on a staple article, due to careful buying? Advertise it! Is it a feature line which you handle exclusively? Advertise it! Is your store handy to carstops? Advertise it! Every day you have something which can beat, or is at least as good as the other fellow's, be it quality, price, service, courtesy, or what-have-you? Something has brought you your "regulars," but how many more can be brought in? Advertising will show you!

Your store is part of the community. How much of the community is part of your store? Unless there is a link between them your business may be average, but try the best link, advertising, and watch the results! Any special inducement you can offer is but the thin edge of the wedge, for every customer who comes in for your advertised line is a prospect for something you carry, and, once sold on your goods and your store will send his friends along.

BUT, IT ISN'T GOOD ENOUGH TO GET CUSTOMERS—YOU'VE GOT TO KEEP 'EM COMING, AND THE SUREST WAY IS TO ADVERTISE CONTINUOUSLY, and ADVERTISE INTELLIGENTLY.

CITY COUNCIL OF PLEASANTON HAS DEBATE OVER ACT

Heated debates which featured the May meeting of city council of Pleasanton were lacking at the June session held in the city hall Monday evening of this week. The nearest thing to a spirited argument came over the two ordinances introduced by Councilman Peter Madsen and Councilman Thomas Orloff, and a bill for repairs on the water department's truck as presented by Hamer's Garage, of that city.

At the May meeting of the board Councilman Madsen introduced a resolution calling for the repeal of the malt and cereal beverage license law which forces a merchant to pay $100 as a license if he would sell near beer. It was pointed out at that time that a resolution was not the proper procedure for repealing an ordinance.

Monday night Councilman Madsen offered for first reading an ordinance in proper form calling for the repeal of that portion of the city's law. Councilman Orloff introduced an ordinance relating to the same measure, but instead of asking the repeal, would amend the statute to read that the malt and cereal beverage license would be $12 per year instead of $100, and that it would not go into effect until January 1, 1931, thereby giving those who have paid the high price license fee the benefit of the remaining six months of 1930.

Councilman Madsen held that this law was a subterfuge, class legislation and therefore illegal. "We cannot discriminate," Madsen declared, "between the various types of soft drinks, and near beer or other cereal beverages are soft drinks.

"They either contain more or less than one-half of one percent of alcohol by content, and if they contain more they are not soft drinks, but illegal liquor, and this board or any other council has no right to license it.

"I don't want to be a party to such a law. I am offering my repealing ordinance because I think it the only thing to do. The board may vote me down, but I want to be on record as against any such law."

Councilman Orloff took the position that such a law was not discriminatory and that the city's expenses were mounting each year while its revenues were decreasing, and that while he felt the $100 license was too high he did not believe it good business to entirely eliminate the license.

In regard to the repair bill presented by Hamer, council tabled the claim until this week. The argument arose over the fact that the price quoted was $65 while the bill presented was for $111. Councilman R. W. Apperson, in speaking on the subject, stated that while he did not doubt but that the bill was a just one, he felt that the repairman had gone beyond his orders in putting in that much parts without first consulting council.

Considerable discussion was aroused over the appointment of a milk inspector. The appointment of N. T. Clemments, of Hayward, was asked by a resolution presented by Councilman Orloff. There was no second offered to the motion and a spirited debate ensued. The argument was over the application of Dr. H. C. Turner, of Pleasanton.

It was pointed out that Dr. Turner is a local tax payer and should be given consideration. The discussion revealed that council believes Dr. Turner capable of handling the outside end of the inspection among the dairies and dairy herds, but his experience with the creameries was questioned. The matter of appointment was tabled for one week while the qualifications of the applicant were further investigated.

Other business transacted by council included the following: granted permits for dances to be held June 7, 21 and 22; allowed claims totalling $742.71; accepted report of city officers; allowed request for the purchase of spare tires for the large city fire truck and Ford; and authorized the city attorney to take the necessary steps to have the cattle corrals along the railroads in Pleasanton removed from the city limits.

ANOTHER CAR IS DITCHED BECAUSE OF NARROW ROAD

Happy Valley Residents May Take Drastic Action To Gain Point

Mrs. S. Keating, of Pleasanton, was the latest victim of an auto accident resulting from the narrow roads in the Happy Valley district, according to residents of that section.

Mrs. Keating was driving her car near the French Winery last Tuesday evening when she was forced into the ditch as she attempted to pass another car. She was not injured, nor was the car damaged, but a tow car was required to get the vehicle back on the highway.

Residents of the Happy Valley district of Amador Township have been promised repairs of their road for some time, but to date have not received the aid. It is the plan of the citizens to take the matter up with the state highway department if they cannot get some action from the board of supervisors.

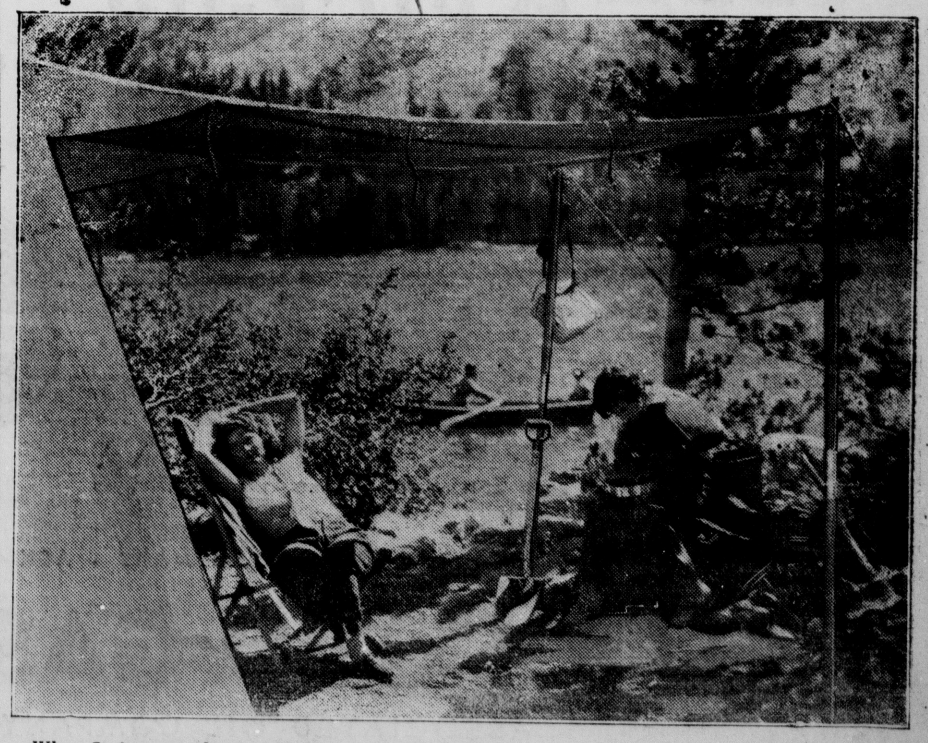
Early Vacation Tours Popular



When Spring spreads its invigorating influence along western highways an inborn urge to load the camping equipment and fishing tackle into the car and head for the hills takes hold on the city dweller. Now that camping equipment is so complete that it includes all of the comforts of home, about the only thing the motorist has to worry about is the place to visit, according to the Western Auto Supply Company, who specializes in service to the motor camper.

"INGAGI" PICTURE OF GORILLAS AT LOCAL THEATER

One of the most talked about pictures of the year is being shown on the screen of the Niles Theater tonight and tomorrow. Because so many attended the show last night the manager has extended the run here for another night. The picture was taken in Africa, showing startling scenes of gorillas and wild women natives. This is the first talking picture of this nature ever brought to this theater.

A double bill is scheduled for Saturday night. Edmund Lowe, star of the "Cockeyed World," will appear in "This Thing Called Love," an all talking picture. Tom Tyler is the hero of "The Desert Pirate," a western thriller.

William Boyd in "Officer O'Brien" is billed for Sunday and Monday. This all talking scream will attract many theater-goers.

LUNCHEON GUESTS

Mrs. John Anderson, Miss Edith Anderson, Mrs. Cora Sutherland, and Mrs. Jack Mello, of Oakland, were the luncheon guests of Mrs. A. B. Hill, of Niles Canyon, Friday afternoon.

TINEGA CAMP FIRE GIRLS ARE GUESTS OF FORDS ON YACHT TRIP

Group Has Glorious Day On S. F. Bay Cruise, Saturday

LAST Saturday, Tinega group of Camp Fire girls of Washington township, and guardian, Mrs. J. E. Townsend, together with a number of adult guests, were given an outing on San Francisco Bay by Mr. and Mrs. William H. Ford in their yacht, Arequipa.

The party left Niles at 7 a. m. in seven cars, with Mr. and Mrs. Ford leading the caravan. By 8 o'clock the party was at the Oakland pier, where the group ferried over to the San Francisco wharf.

Soon after arriving there everyone hurried aboard the Arequipa. Mr. Ford, who took the pilot's wheel himself, soon had the boat well on its way to Hunter's Point.

The yacht was well stocked with eatables and soft drinks, which kept Fred Hart, Mr. Ford's chauffeur, busy appeasing the appetities of the host of girls. He was also busy keeping them from falling overboard.

After leaving Hunter's Point, th boat was steered up the bay, and went up the Napa River, which was as enjoyable trip as could be desired. The next stop was Mare Island, where the Arequipa was anchored. Here lunch was served to all of the hungry guests aboard the yacht.

It was remarkable that no sea sickness was noted, and all had the best kind of a day, which will be thought back upon with happy memories for many years to come. The girls were singing songs, laughing and having a gay time throughout the day.

Because of the leng'h of the trip, the yacht did not anchor at her moorings until 8 p. m. It was after 10 before all had arrived at their homes in the township.

The Tinega group of Camp Fire girls are very grateful to Mr. and Mrs. W. H. Ford for this wonderful yachting party, and wish to extend their thanks through the columns of this paper.

MORE ON SENIORS

(Continued from Page One)

dream will become a reality in a few years.

Senior Week

Sixty-nine seniors enjoyed a holiday from school, this week. It has become a custom for the principal to give them the last week of school to make their preparations for graduation and the senior ball. Each senior was given eight reserved tickets for the commencement exercises and four bids for the senior ball to be given in the Garden of Allah, Friday night.

Contrary to the usual custom of having the sophomore class buy the flowers for the seniors, the graduating class will buy their own. Cecil Breuner roses, the class flower, will make the arm bouquets for the girls and buttonhole flowers for the boys.

IT TAKES 5 MEN TO MAKE A BASKET BALL TEAM AND ALL THESE 5 QUALITIES TO MAKE GOOD GASOLINE
ASSOCIATED IS Equi-fractionated for
1 STARTING
2 PICK-UP
3 POWER
4 SPEED
5 MILEAGE
FROM the moment you step on the starter to the time you settle back to yield to the joy of full speed ahead, your eager motor demands five vital qualities from the gasoline it consumes. For finest performance it must have them all; Starting, Pick-up, Power, Speed, Mileage—in correct proportion.
That's why Associated Gasoline is Equi-fractionated. Lighter gasoline fractions in vapor form are scientifically blended with heavier fractions — from higher boiling points—to assure, first, Starting and Pick-up, and then Power, Speed and surprisingly long Mileage.
Step by step, just as your car gets under way from low gear to high, Associated Gasoline is Equi-fractionated to supply the successive demands of your motor.
No one quality alone makes good gasoline; it takes them all. Don't be content with less. Read the interesting "Equi-fractionated" pamphlet picturing this refining care in assuring you a perfectly balanced motor fuel. The Service-man at the red, green and cream Associated pump will offer you your copy.
